

MARCH 2024

ST. PATRICK'S RESIDENT NEWSLETTER Patrick of Ireland

According to the autobiographical Confession of Patrick, when he was about sixteen, he was captured by Irish pirates from his home in Britain. He was taken as a slave to Ireland, looking after animals. He lived there for six years before escaping and returning to his family. After becoming a cleric, he returned to northern and western Ireland. In later life, he served as a bishop, but little is known about the places where he worked. By the seventh century, he had already come to be revered as the Patron Saint of Ireland. Saint Patrick's Day is observed on March 17, the supposed date of his death. It is celebrated inside and outside Ireland as a religious and cultural holiday.

Chicago Weather

March, the first month of the spring in Chicago, is still a cold month with temperatures increasing by 10°F from 40°F to 51°F. The month tends to be partly sunny for 13 days with about 11 days of precipitation.

Flower: Daffodil

The daffodil is emblematic of renewal and fresh starts, signifying the onset of spring as one of the initial perennial plants to blossom following the winter freeze.

Birthstone: Aquamarine

Aquamarine is a pale blue gem that gets its name from the Latin for "water of the sea." The stones with the deepest blue color fetch the highest prices. Aquamarines were highly prized by sailors, who believed the stones could provide protection on their voyages.

In like a Lion.....

"In like a lion, out like a lamb" has always seemed a straightforward enough proverb: when March starts, it's still winter, and by the end of the month spring has begun.

Some other March-related weather lore includes:

- A dry March and a wet May? Fill barns and bays with corn and hay.
- As it rains in March, so it rains in June.
- March winds and April showers? Bring forth May flowers.
- So many mists in March you see, so many frosts in May will be.

What will March be like in Naperville?

The Meaning of the Shamrock

The three-leaf clover, a type of trefoil plant, has been considered the unofficial national flower of Ireland for centuries. Irish legend says that Saint Patrick used the shamrock as an educational symbol to explain the Holy Trinity to nonbelievers as he converted the Irish to Christianity in the fourth century.
